

## EXPRESSIONS OF INTEREST SURVEYORS

- High profile Queensland projects
- Great team culture and environment
- Excellent opportunity to work on multiple projects

*Experienced Surveyors don't let this career opportunity pass you by!*

At MPA Surveying our people are our focus. It's their talent and dedication that has made us one of Queensland's leading surveying firms, providing professional services to major civil and construction projects in South East Queensland and a number of mining operations across Central Queensland.

A move to MPA Surveying will offer the right candidate many things, over and above the use of the best in hardware and software, access to robotics, total stations and.....

With the company's recent successful acquisition of multiple projects in the Bowen Basin, we are seeking **experienced Surveyors** to join our professional team, and work on projects in the region while based out of our Mackay Office!

### **MPAS is the right employer for you if you.....**

- Have demonstrated a minimum of two years survey experience in civil works and open-cut mining environments
- Possess a Surveying Degree; and
- Are registered (or have potential to) as a Surveyor with the Surveyors Board of Queensland
- Have working knowledge of 12d and/or Vulcan, Leica total stations and GPS equipment
- Possess a high degree of accuracy and proven time management skills
- Can work autonomously and is happy to check in with team leaders from time to time
- Can demonstrate a strong commitment to safety
- Doesn't mind travelling or staying away from home
- Enjoy your work and know how to have fun!

### **....and you are looking for....**

- A **challenging role** in a supportive environment
- **Excellent development opportunities** – through informal training & on-the-job mentoring
- **Job diversity** – potential to gain valuable field experience and work on multiple projects
- State of the art technology
- **Well-developed systems and processes** and a safe working environment
- Positive work culture – the chance to work independently & collaboratively within a great team of professionals
- A company who will work with you and value your contributions
- A long-term **opportunity to relocate to Mackay**
